

ROUND TABLE

Of the Teachers of the Ohio Valley—Interesting Meeting Last Evening.

The Ohio Valley Round Table met at the office of Superintendent W. H. Anderson last evening. There were present Professors Jones, of Bellaire; Duncan, of Bridgeport; Mannix, Mitchell, Lampson and Bradford, of Martin's Ferry; Mertz, of Steubenville; Van-Cleve, of Barnesville; Shields, of New Martinsville; Smith, of Bridgeport, and Prof. Anderson, of City.

The first topic discussed was, "What will you do this year in your teachers' meetings?" There was a general discussion on the effects of alcohol and narcotics, and the opinion expressed was that the law contemplated the general teaching of the subject. It was proposed that a record be kept of the effect of the use of tobacco in causing failures in examinations. The cause of the dislike of children to school work after two or three years attendance was debated at some length. The majority of those present were opposed to the use of slates in teaching penmanship. The next meeting will be held Friday, November 11.

Phantoms.

The hopes of cure held out in the advertisements of numerous remedies are mere phantoms, without the slightest shadow of reality about them. On the other hand, no sufferer has ever been made in behalf of Hostetter's Stomach Bitters that is not susceptible of ample substantiation. Care has ever been taken in laying its claims before to circumscribe those claims with the bounds of truth. Allegations outside of these form no blot on the record of this sterling, time-honored remedy, proven by the most respectable evidence to be a remedy for and preventive of malarial disease, rheumatism, kidney trouble, chronic indigestion and biliousness. It is an inalienable tonic, promotes a convalescence and mitigates the infirmities of age. Taken before retiring at night it is a promoter of sleep.

For substantial paying investments Moundsville offers advantages second to none.

Bellaire.

All Sorts of Local News and Gossip from the Glass City.

County Treasurer Frank Archer is the first one of the county officers who is elected by the Earber salary law passed last winter, reducing the salaries of all county officers in this state. He began his second term in September and has already been noted. Under the new law Mr. Archer will have a salary of about \$2,500, and the county commissioners fix the pay for one deputy. This they have done in this county, giving Mr. Kirk, the only deputy in the treasurer's office \$1,000 per year, which is paid out of the county treasury. The law takes away from the treasurer any interest in fees or penalties on delinquent taxes for collecting the same, but makes the fees and penalties mandatory, so that they must be charged and collected and turned into the county treasury. This takes away any favoritism in this matter and as the treasurer must report monthly all delinquents. The first collection of taxes under this law will be in December.

THE TRUTH OF IT.

Is There Any Limit to Human Endurance?

A Revelation Which Will Astonish Most People.

And Yet It Is in Reality of Every Day Occurrence.

The following communication is from one of our correspondents, Mrs. Carrie E. Martin, a lady well known and highly respected and who occupies a position of the highest social distinction in West Leyden, Mass. Her experience is of such a nature and its importance to many is so great and far-reaching, that we give it to our readers in her own words:

"Last summer I was all run down, had chills, no appetite, very little sleep nights and none days, faint spells, trembling feelings and was so weak I could hardly walk a couple of miles. I continued to run down in health and strength until I feared utter nervous prostration with its untold miseries.

"I sent for our town physician and he came a good many times. I soon had to give up work entirely, still his medicines did me no good. I tried to ride out one morning, but went only a few rods and had to come home. My husband then went to church, leaving me with the hired help and my children. Such a terrible day as I spent, tongue cannot describe. I could scarcely get from the couch to a chair!

"When my husband came in from church I told him that I was worse and that I would die if I did not get help soon; that I would not take any more of the doctor's medicine but try Dr. Greene's Nervura blood and nerve remedy, if he thought best.

"He advised me to try it and went immediately and got a bottle, which I began to take; up to this time we knew nothing of its value except as we had seen it advertised.

MRS. CARRIE E. MARTIN.

"In the course of two days our family physician came in and saying that he found me about the same finally told me that he had concluded to ask for counsel. He informed me that I might choose any doctor I preferred to meet him in consultation.

"I said to him, 'then you consider me pretty badly off'.

"He answered, 'I certainly do and shall not prescribe for you again until some other doctor sees you, as I do not know what to give you next.'

"I then said to him, 'perhaps you will be offended, but I have not taken any of your medicine for two days, but am taking Dr. Greene's Nervura blood and nerve remedy.'

"He answered, 'I am not offended; if it will help you I shall be very glad. You may continue its use a week and if no better, then we will have counsel.'

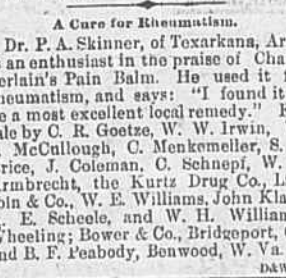

"But at the end of the week I was better. In two weeks I was a good deal better, no chills, no faint feelings, could eat some and sleep quite well. In three weeks I was around and about the house. In four weeks my hired girl left me and I went to doing my household alone, and have since continued to do so with seven in the family.

"Since that time our family physician has advised its use from time to time, saying that it would keep up my strength better. He has advised others to take it, telling them of the good it did me, and to-day I have you on my great reason, to thank God for my recovery, and through the use of Dr. Greene's Nervura blood and nerve remedy. I am once too glad to testify to its merit. A God bless Dr. Greene and his wonderful medicine."

This remarkable remedy is purely vegetable and harmless, and can be procured at any drug store for \$1.00 per bottle. Like the above-mentioned excellent physician, all doctors of high standing recommend the sick to use it, for it cures. Doctors prescribe and recommend it because it is not a patent medicine but a physician's prescription, the discovery of the eminent specialist, Dr. Greene of 35 W. 11th Street, New York, who is so wonderfully successful in curing all forms of nervous and chronic diseases, and who can be consulted free, personally or by letter.—EDITOR.
